

MAHARAJA GANGASINGH UNIVERSITY, BIKANER

SYLLABUS

**SCHEME OF EXAMINATION AND
COURSES OF STUDY**

**M.A. Home Science
Previous Examination 2017-18
Final 2018-2019**

MAHARAJA GANGASINGH UNIVERSITY, BIKANER

EDITION : 2017-18

SCHEME OF EXAMINATION

1. The number of paper and the maximum marks for each paper practical shall be shown in the syllabus for the subject concerned. It will be necessary for a candidate to pass in the theory part as well as in the practical part (Whenever Prescribed) of a subject/Paper separately.
2. A candidate for a pass at each of the Previous and the Final Examination shall be required to obtain (i) atleast 36% marks in the aggregate of all the paper prescribed for the examination and (ii) atleast 36% marks in practical (s) whenever prescribed the examination, provided that if a candidate fails to atleast 25% marks in each individual paper work. Wherever prescribed, he shall be deemed to have failed at the examination not with standing his having obtained the minimum percentage of marks required in the aggregate for the examination. No division will be awarded at the Previous Examination, Division shall be awarded at the end of the Final Examination combined marks obtained at the Previous and the Final Examination taken together, as noted below:

First Division	60%	of the aggregate marks taken together
Second Division	48%	of the Previous and the final examination
3. If a candidate clears any paper (s) Practical(s)/Dissertation Prescribed at the Previous and or/final examination after a continuous period of three years, then for the purpose of working out his division the minimum pass marks only viz 25% (36% in the case of practical) shall be taken into account in respect of such paper(s) Practical(s) Dissertation are cleared after the expert of the aforesaid period of three year, provided that in case where a candidate require more than 25% marks in order to reach the minimum aggregate as many marks out of those actually secured by him will be taken into account as would enable him to make the deficiency in the requisite minimum aggregate.
4. The case study report/survey report/field work shall be hand written and shall not be of more than 100 pages and is to be submitted in triplicate so as to reach the office of the registrar at least 3 weeks before the commencement of the theory examination. Only such candidate who shall be permitted to offer case study/survey report/field work (if provided in the scheme of examination) in lieu of a paper as those who have secured at least 55% marks in the aggregate, irrespective of the number of paper in which a candidate actually appeared at the examination.

N.B. (i) Non-collegiate candidate shall not be eligible for MA Home Science.

PAPER 1
RESEARCH METHODOLOGY

Duration of Examination : 3 hrs.

Max. Marks : 75

Note:-

The question paper shall contain three sections. **Section A** contains 10 questions two from each unit of 2 marks each. The candidate is required to answer all the questions. The answers should not exceed 50 words. **Section B** shall contain 5 questions one from each unit with internal choice. Each question shall be of 5 marks. The answers should not exceed 200 words. The candidate is required to answer all the questions. **Section C** shall contain 5 questions of 10 marks each, one from each unit. The candidate is required to answer 3 questions. The answer shall not exceed 500 words.

Unit I

1. Research Methodology: An introduction.
 - i. Meaning, objectives, motivation, types and significance of research.
 - ii. Research method versus methodology.
 - iii. Criteria of a good research.
 - iv. Hypothesis: Meaning, definition, types and characteristics.

Unit II

2. Research Process
 - i. Research problem: Definition, selection and limitations of the research problem.
 - ii. Variables: Meaning and types.
 - iii. Sampling: Census and sample survey; Types of sampling; Criteria of selecting a sample; Characteristics of a good sample.

Unit III

3. Research design and Data collection
 - i. Meaning, need and types of research design.
 - ii. Types of data: Primary and Secondary data.
 - iii. Methods of data collection: Interview, Observation, Questionnaire and Case study.

Unit IV

4. Meaning and scope of statistics in research.
5. Introduction to statistical averages: Mean, Mode and Median.
6. Analysis of data: editing, coding, classification and tabulation.
7. Diagrammatic and graphical representation of data.

Unit V

8. Interpretation of data: meaning, techniques and precautions.
9. Report/ Dissertation writing: significance, layout and steps, types and precautions.
10. Preparation of an abstract.

PAPER 2

HUMAN AND COMMUNITY NUTRITION

Duration of Examination : 3 hrs.

Max. Marks : 75

Note:-

The question paper shall contain three sections. **Section A** contains 10 questions two from each unit of 2 marks each. The candidate is required to answer all the questions. The answers should not exceed 50 words. **Section B** shall contain 5 questions one from each unit with internal choice. Each question shall be of 5 marks. The answers should not exceed 200 words. The candidate is required to answer all the questions. **Section C** shall contain 5 questions of 10 marks each, one from each unit. The candidate is required to answer 3 questions. The answer shall not exceed 500 words.

Unit I

1. Meaning, definition and importance of nutrition.
2. Functions, requirements, sources and effects of deficiency and excess of protein, carbohydrate, lipids, vitamins and minerals.

Unit II

3. Water and water balance.
4. Energy – unit, factors affecting energy requirement: BMR and affecting factors, SDA, Physical exercise. Measurement of energy.
5. Methods to assess minimum nutritional requirements and RDA of various age groups.

Unit III

6. Food spoilage. Quality assurance and food safety assurance.
7. Special and Novel foods, Phytochemicals, Nutraceuticals.
8. Food preservation – importance and methods.
9. Food adulteration, Food laws and standards.

Unit IV

10. Community health and community nutrition, vital statistics.
11. Food availability: factors affecting food availability and its consumption; Food distribution system.
12. Assessment of nutritional status: Direct and Indirect methods.

Unit V

13. Nutritional problems prevalent in India: PEM, Anaemia, Iodine deficiency, Fluorosis.
14. National and International organisations related to nutrition.

15. Nutrition education for the community. Planning, controlling and evaluation of nutrition education programme.

PRACTICAL

1. Planning and preparation of nutrient rich dishes.
2. Preparation of preserved items.
3. Napkin folding and table setting.
4. Study of common adulterants.
5. Labelling and pricing of food items.
6. Identification of nutritional problems prevalent in community using method of nutritional assessment.
7. Preparation of teaching aid.

PAPER 3
HUMAN DEVELOPMENT

Duration of Examination : 3 hrs.

Max. Marks : 75

Note:-

The question paper shall contain three sections. **Section A** contains 10 questions two from each unit of 2 marks each. The candidate is required to answer all the questions. The answers should not exceed 50 words. **Section B** shall contain 5 questions one from each unit with internal choice. Each question shall be of 5 marks. The answers should not exceed 200 words. The candidate is required to answer all the questions. **Section C** shall contain 5 questions of 10 marks each, one from each unit. The candidate is required to answer 3 questions. The answer shall not exceed 500 words.

Unit I

1. Introduction to Human Development. Principles of Human Development.
2. Heredity and environment: relative importance.
3. Developmental tasks of different stage.
4. Learning: meaning, techniques and factors affecting learning.
5. Motivation: types of motives, motivation cycle.
6. Methods of studying children: Projective and Psychology test (in detail).

Unit II

7. Theories of human development and behaviour:
 - (i) Personality Theory (Psychoanalytical theory).
 - (ii) Cognitive Theory (Jean Piaget).
 - (iii) Psycho-social Theory (Erikson).

Unit III

8. Developments from conception to childhood
 - (i) Physical and motor development.
 - (ii) Cognitive and language development.
 - (iii) Social-emotional development.
 - (iv) Play and creativity.

Unit IV

9. Adolescence:
 - (i) Adolescence: changes, interests, problems and adjustments.
 - (ii) Personality development: significance, biological and socio-cultural factors affecting personality.
 - (iii) Juvenile delinquency (elementary concept).

Unit V

10. Adulthood: significance of the period, responsibilities and adjustments, parenthood, occupation and job satisfaction, preparation for retirement.
11. Ageing: changes, problems and adjustments; Government schemes and services for the aged.

PAPER 4

RESOURCE MANAGEMENT AND CONSUMER ECONOMICS

Duration of Examination : 3 hrs.

Max. Marks : 75

Note:-

The question paper shall contain three sections. **Section A** contains 10 questions two from each unit of 2 marks each. The candidate is required to answer all the questions. The answers should not exceed 50 words. **Section B** shall contain 5 questions one from each unit with internal choice. Each question shall be of 5 marks. The answers should not exceed 200 words. The candidate is required to answer all the questions. **Section C** shall contain 5 questions of 10 marks each, one from each unit. The candidate is required to answer 3 questions. The answer shall not exceed 500 words.

Unit I

1. Management: meaning, concept, principles, functions and objectives.
2. Process of management: planning, organising, delegating, directing, co-ordinating, supervision and evaluation.
3. Decision making: types, importance and factors affecting decision making.
4. Emerging school of management thought.

Unit II

5. Motivating factors: values, goals, standards, needs and wants.
6. Management of family resources: Time, Money.
 - (i) Money as human resource: income, expenditure, budgeting, saving, investment and taxation.
 - (ii) Time as human resource: nature, time demands, tools in time management, process of managing time.

Unit III

7. Ergonomics: Definition, importance and scope.
8. Energy as human resource: nature, energy demands, fatigue.
9. Work simplification: work studying techniques, work-worker-work environment relationship.
10. Work environment specifications in reference to work centres i.e. cooking, preparation, washing and study centres.

Unit IV

11. Consumer: meaning, characteristics and classification, factors influencing consumer's demand.
12. Consumer's standard of living: factors influencing standard.
13. Market: meaning, function and types.

Unit V

14. Consumer education, meaning, scope.
15. Factors influencing consumer's choice: custom fashion advertisement and variety of goods.
16. Problems of consumer buymanship and consumer protection.
17. Standardization and grading.

PRACTICAL

1. Time schedule and time management chart of a family.
2. Budget preparation.
3. Information about saving and investment means.
4. Determining the relationship of anthropometric dimension of workers with space requirement of selected activities.
5. Determining minimum space required for selected activities: relating to kitchen, rest, recreation, washing etc.
6. Measuring physical fatigue arising from performing house-hold activities.
7. A survey of channel of distribution of goods available through retail marketing, general stores, wholesale marketing.
8. Study of labelling, packaging, guarantee branding and its impact on consumer attitude.
9. Comparative analysis of different types of advertisements.
10. Consumer problems in present scenario.

PAPER 5

INSTITUTION MANAGEMENT

Duration of Examination : 3 hrs.

Max. Marks : 50

Note:-

The question paper shall contain three sections. **Section A** contains 5 questions two from each unit of 2 marks each. The candidate is required to answer all the questions. The answers should not exceed 50 words. **Section B** shall contain 5 questions one from each unit with internal choice. Each question shall be of 4 marks. The answers should not exceed 200 words. The candidate is required to answer any 4 questions. **Section C** shall contain 5 questions of 8 marks each, one from each unit. The candidate is required to answer 3 questions. The answer shall not exceed 350 words.

Unit I

1. Food service institutions: types-commercial, welfare, industrial, transport, others; scope.
2. Principles, functions, tools of management in food service institutions.

Unit II

3. Personnel management: selection and training, desirable qualities, personal appearance and grooming.
4. Equipments: Types, selection and care.
5. Financial management: terms used and budgeting.

Unit III

6. Food management:
 - (i) Food production: principles involved in quantity food production, standardization of recipes, use of left-over, quality control.
 - (ii) Menu planning: types and writing of menu.
 - (iii) Cost control: calculations and methods of controlling food cost.

Unit IV

7. Food service: styles of service.
8. Food service management in institutions like hostel hospital, cafeteria, canteen, industries, restaurant, outdoor catering.
9. Challenges and problems faced by institutions.

Unit V

10. Food and personal hygiene.

11. Preventive measures to control the common accidents.

PRACTICAL

1. Standardization of recipes.
2. Preparation of recipe book.
3. Market survey.
4. Quantity food production and cost calculation.
5. Preparation of various types of menu cards.
6. Menu planning for various types of food service institutions.
7. Table setting.
8. Maintenance of accounts and record keeping.
9. Visit to various food service institutions and observation of physical facilities, menu cards, serving style, table setting, number of personnel and their work schedule, hygiene and sanitary conditions, safety measures, etc. Report writing and presentation.
10. Planning and preparation for special occasions: birthdays, festivals, packed lunches.

PAPER 6

FAMILY RELATIONS AND FAMILY WELFARE

Duration of Examination : 3 hrs.

Max. Marks : 50

Note:-

The question paper shall contain three sections. **Section A** contains 5 questions two from each unit of 2 marks each. The candidate is required to answer all the questions. The answers should not exceed 50 words. **Section B** shall contain 5 questions one from each unit with internal choice. Each question shall be of 4 marks. The answers should not exceed 200 words. The candidate is required to answer any 4 questions. **Section C** shall contain 5 questions of 8 marks each, one from each unit. The candidate is required to answer 3 questions. The answer shall not exceed 350 words.

Unit I

1. Marriage: Definition, meaning, types, functions, importance. Goals. Readiness for marriage: physiological, social, psychological, economic, etc. Adjustment, success and conflicts.
2. Alternatives to marriage: co-living, singlehood, child marriage, group marriage, open marriage, lesbianism, gay culture.
3. Registration of marriage, marriage counselling, laws pertaining to marriage and its adoption in different religious groups. Family courts.

Unit II

4. Family: Definition, meaning, types, functions, importance, impact of social changes.
5. Family life cycle. Role of family members.
6. Parent-child relationship, parental discipline techniques, other socializing agents.
7. Crisis in family life: breakup of the family, death of the partner, prolonged illness, single parenthood etc.

Unit III

8. Child at risk: child labour, street children, child abuse and their intervention program.
9. Exceptional children: Definition, classification and types. Identification and methods of training. Special schools available in India for exceptional children. Gifted children: identification and educational facilities.

Unit IV

10. Counselling: Definition, goals, scope and limits. Characteristics of an effective counsellor.
11. Process of counselling: problem exploration and classification; developing new perspective and setting goals; implementation; evaluation.
12. Counselling techniques.

Unit V

13. Rights and responsibilities of child, parents and society.
14. Family welfare: programmes at local, national and international level, their functions, objectives and beneficiaries.

PRACTICAL

1. Visit to a nursery school and its critical evaluation.
2. Plan activities and give various experiences like music, creative, science and literature for educating pre-school children and prepare teaching aids.
3. Identifying emotional and social problems among school going children and giving suggestions for parents to improve it. Prepare folder/ leaflet for parents.
4. Make resource file related to adolescent problems using newspapers, magazine and internet.
5. Preparation of resource file/ notice board display or role play on customs and practices in Indian marriage.
6. Interviewing families to understand changing functions of family. List out the crisis in a family passing through different stages of family life cycle.
7. Adopt an elderly person, identify their problems and give suggestions to overcome them.

M.A. (H.Sc.) FINAL YEAR
PAPER - VII
TEXTILES & CLOTHING

Duration of Examination : 3 hrs.

Max. Marks : 50

Note:-

The question paper shall contain three sections. **Section A** contains 5 questions two from each unit of 2 marks each. The candidate is required to answer all the questions. The answers should not exceed 50 words. **Section B** shall contain 5 questions one from each unit with internal choice. Each question shall be of 4 marks. The answers should not exceed 200 words. The candidate is required to answer any 4 questions. **Section C** shall contain 5 questions of 8 marks each, one from each unit. The candidate is required to answer 3 questions. The answer shall not exceed 350 words.

Unit I

1. Textile fibers – Definition and classification.
2. Yarn Classification.
3. Weaving process on hand loom and power loom.
4. Fabric finishes – Definition, objectives, classification.
 - (i) Basic – Bleaching, stiffening, sizing, singeing, texturing, mercerising, calendaring.
 - (ii) Texturing – Embossing, moirering, schenerising, napping, flocking.
 - (iii) Functional – Antistatic, moth – mildew proofing, anti wrinkle, permanent press, soil and stain resistant, fire proofing, water proofing etc.
5. Dyes – Classification, methods of dyeing, dyeing defects.
6. Printing – Classification, printing styles – Direct, Discharge, Resist.

Unit II

7. Elements and principles of design – their application in textile designing and clothing designing.
8. Designs – Structural, decorative and functional.
9. Textile designing – Meaning, layout in design, pattern repeat, colour schemes and different types of motifs.
10. Principles, advantages and limitation of drafting, draping and commercial paper patterns.

Unit III

11. Clothing origin and importance.
12. Psychological and sociological aspects of clothing.

13. Fashion – Terminology, principles of fashion, fashion cycle, sources of fashion, factors affecting fashion.
14. Selection of clothing according to age, sex, fashion, cost, occupation, climate, occasion etc.
15. Selection and purchase of household linen, floor covering, draperies, curtain, upholstery.
16. Clothing budget.

Unit IV

17. Traditional Textiles – Kashmir Shawls and Carpets, Brocade, Patola, Jamdari, Baluchar, Bandhani, Ikat, Pochampali, with reference to – History, fabric, threads, motifs, patterns.
18. Traditional Embroidery – Kashida, Phulkari, Chikankari, Sindhi, Kutch, Kasuti embroidery with reference to material, threads, colour combination, stitches, motifs.
19. Traditional Costumes - Rajasthan, Maharashtra, Assam, Nagaland, Kerala, Himachal, Goa, Punjab, Haryana, Tamilnadu state.

Unit V

20. Readymade garments – Meaning, advantage and limitations.
21. Consumer – Definition, consumer problem related to textiles, readymade garments.
22. Labelling – Definition, types and importance.
23. Organisations working for quality control in the field of textile and readymade garments.
24. Women entrepreneurship development in textile – Definition, characteristics, scope.
25. Challenges for women entrepreneurship in global market.
26. Khadi – Concept, history and current trend and future.

M.A. (H.Sc.) FINAL YEAR

PAPER – VII (Practical)

TEXTILES & CLOTHING

1. Introduction to different parts of sewing machine, its care and maintenance.
 - (i) Body measurement – Demonstration.
 - (ii) Darts, tucks, pleats and gathers.
 - (iii) Different types of sleeves, pockets, collar, plackets and necklines.
2. Drafting of child's basic bodies block and its adaption to various garments –
 - (i) Frocks – With different types of yokes, skirts.
 - (ii) Night Suit.
3. Drafting of ladies basic bodies block and its adaptations to various garments-
 - (i) Upper Garments –
 - (a) Blouse
 - (b) Kameez – Aline, short and full flared, kalidar.
 - (c) Shirts – Formal & informal
 - (ii) Lower Garments – Different types of Churidar Payjami, Salwar, Parallel, Plazo, Harem, Petticoat and skirts.
4. Traditional embroideries (make any one article).
5. Tie & Dye or Batik (make any one article).
6. Using Block / Stencils / Spray printing methods (make any one article).
